

12 JUNE 92

DEAR MR. WEISBERG,

SORRY IT HAS TAKEN ME SO LONG TO WRITE BACK. THANKS FOR THE BOOKS AND NOTE YOU SENT. I'VE ENJOYED ALL YOUR BOOKS QUITE A BIT - PARTICULARLY 'OSWALD IN NEW ORLEANS' SINCE I GREW UP IN N.O.

I WAS HOPING TO INCLUDE COPIES OF THE INCA FILES IN THIS LETTER BUT MY FRIEND IN N.O. (WHO HAS PROMISED TO MAKE COPIES OF THEM) OPERATES ON 'N.O. TIME' - BUT I'M STILL WAITING FOR THEM. AS SOON AS THEY ARRIVE I'LL SEND THEM TO YOU.

ENCLOSED IS A MEMO THAT IS PRETTY SHORT & SWEET ON THE JFK ASSASSINATION. I WOULD APPRECIATE ANY COMMENTS YOU HAVE ON IT.

Dear Mr. Boll,

Thanks for your 6/12 and the enclosure.

I've even less time than usual for full response. Just home from an overnight series of hospital tests with more to come.

The enclosed memo reflects the misinformation and deception of the conspiracy theorizers who are short on fact, even rationality, and long on childish imaginings.

Much of it stems from the things Garrison just made up, with no factual basis at all. By now you should know that all that was said about the tramp pictures was wrong, and I tell you those spouting off with such childishness ignore being proven wrong time after time. The Dallas police records did identify them, two still alive were interviewed, and there was never ~~any~~ reason to suspect they even could have had any assassination involvement. "Frenchy" was a ~~made-~~ made-up name, made up out of nothing at all.

There now seems to be no doubt at all that Lorenz is as undependable as one can be.

I never believed anything she said when she first made the scandal press because the agencies do not work that way at all and because it just did not make sense.

I'm sorry if I did not tell you earlier, quite aside from these endless fabrications that are not tenable the crime itself was ~~an~~ never investigated officially, it was never intended to me, and thus there are no real leads to be followed.

As a result while there is nothing wrong with believing in theories or writing them in a novel, there is much wrong in presenting these theories as established fact.

The memo you enclose is a good illustration.

It also represents someone having his trust imposed upon.

Best wishes,

Harold Weisberg
